FireWire & USB Combo Drive Enclosure

Installation Guide English

No. 42758

CE

© LINDY ELECTRONICS LIMITED & LINDY-ELEKTRONIK GMBH - FIRST EDITION (DECEMBER 2010)

Specification

- Internal Connection: SATA I/II 22 Pin Data & Power
- External Connectors: FireWire 800, FireWire 400 & USB 2.0
- Aluminium housing and 40mm Fan for heat dissipation and cooling

Package Contents

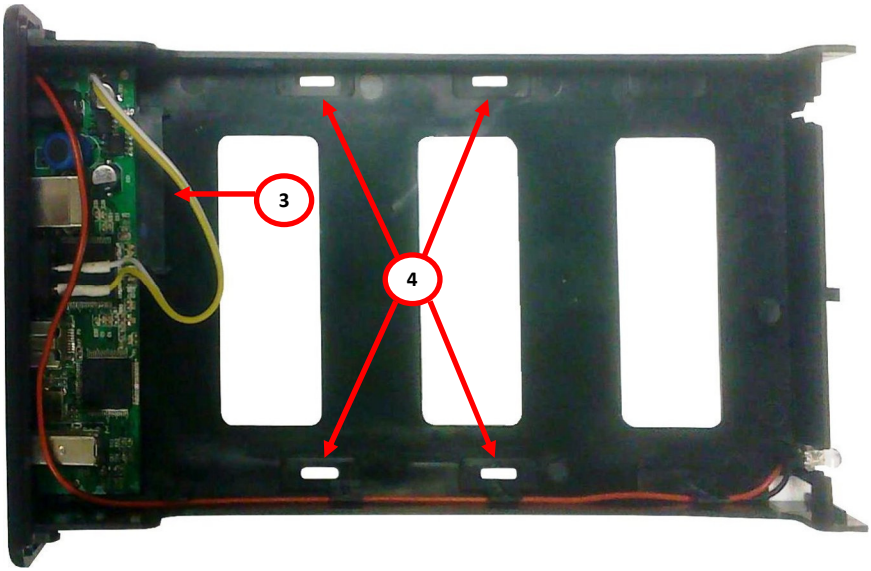
- FireWire & USB Combo Drive Enclosure for 3.5” SATA Drives
- Plastic Stand
- USB 2.0 Cable – 1m
- FireWire 800 Cable – 1.5m
- FireWire 400 Cable – 1.5m
- Philips Screwdriver
- 12V ≥2A UK Power Supply

Installation

1. Remove the two screws from the back panel

2. Slide the back panel out of the enclosure to reveal the drive tray

3. Place your HDD into the tray, and then slide it into position so that the SATA connection is made between the HDD and the 22 Pin SATA interface



4. The screw holes on the underside of your HDD will be aligned to the slots in the tray. Use the supplied screws to attach your HDD to the tray
5. Slide the tray back into the enclosure and fix it in position using the screws which were previously removed
6. The enclosure is now ready to be used, simply connect the supplied power supply and your choice of computer connection cable

Important Note:

Only one of the available connections may be connected/used at a time. Connection of multiple interfaces will result in the failure of this enclosure and void your warranty

Certifications

CE Statement

This equipment complies with the relevant EC Regulations for IT Equipment

Recycling Information

WEEE (Waste of Electrical and Electronic Equipment), Recycling of Electronic Products

In 2006 the European Union introduced regulations (WEEE) for the collection and recycling of all waste electrical and electronic equipment. The Wheelie bin symbol shown indicates that this product must not be disposed of with household waste. Instead the product must be recycled in a manner that is environmentally friendly. For more information on how to dispose of this product, please contact your local recycling centre or your household waste disposal service. Each individual EU member state has implemented the WEEE regulations into national law in slightly different ways. Please follow your national law when you want to dispose of any electrical or electronic products.
